Transmission Shifters & Components | Automatic, Manual ...

A gear stick (rarely spelled gearstick), gear lever (both UK English), gearshift or shifter (both US English) is a metal lever attached to the shift assembly in a manual transmission-equipped automobile and is used to change gears. In an automatic transmission-equipped vehicle, a similar device is known as a gear selector.A gear stick will normally be used to change gear whilst depressing the ...

Manual Transmission Shifter

A manual transmission, also known as a manual gearbox, a standard transmission, stick shift, or simply stick, clutch, or gearbox, is a type of transmission used in motor vehicle applications. It uses a driver-operated clutch, usually engaged and disengaged by a foot pedal or hand lever, for regulating torque transfer from the engine to the transmission; and a gear selector that can be operated ...
